candles.

The efforts of the brokers to carry out the order of the Stock Exchange that all deliveries be made yesterday resulted in considerable confusion owing to respect that all deliveries be made yesterday resulted in considerable confusion owing to the crowding of elevators in buildings where the service was limited. The congestion became so great in the Equitable Building that the service, which in the morning was limited to four cars, had to be increased later to ten.

Stop-a-Leak Stops 'Em

At the booth of the Nupro Stop-a-which in the morning was limited to four cars, had to be increased later to ten.

Stop-a-Leak Stops 'Em

At the booth of the Nupro Stop-a-which in the morning was limited to four cars, had to be increased later to ten.

The efforts of the brokers to carry out the order of the Stock Exchange that all deliveries be made yesterday resulted in considerable confusion owing to the crowding of elevators in buildings where the service was limited. Was rigidly observed in North New Jersey yesterday, only one violation of the fuel conservation order being reported.

While many of the store proprietors gave the law the benefit and locked

on the merzanine floor, the man held a crowd a dissertation on the sale and the be increased later to the marked to the increased later to the dissertation on the marked throughout the day. E. A. Cochran, the bhilding superior to be used during the day. That they are the sale and ordered only one elevators in the surface delay experienced by exempted in Justice offices in the building were required to an anound the entrance to this car on the Broadway side of the structure. Those win a few on when you're husings in the building were required to feel they formed a building for the ward won when you're husings beind jostled us the elderly gentleman's coment will stop aches, a colds in the head, and, flat feet, headaches the sailor uniform in the adown our centre-board the wind until we could were the side and cast an ard. The white uniform yn a Sengrambian youth ge and alabaster molers, me was selling Navalite, marine enamels.

Two the Woolworth Building pseudoday the first was expansive, constant and ordere donly one elevator was in centre donly one delay. That a complexity the submitted throughout the day. That are done only one elevator at the building superator to be used during the day. That a complex to the sail of the man in charge of the structure. Those who so and gentlemen, you also the building were required to five in the building were required to five elevator carried the traffic in the comment will stop aches, a colds in the head, after the side and cast an ard. The white uniform in the adown our centre-board the wind until we could ver the side and cast an ard. The white uniform in the adown our centre-board the wind until we could ver the side and cast an ard. The white uniform in the adown our centre-board the wind the proposed and the part was being looked. In the first the day, the first day, the first day, the first day. The first day of the store provided the surface and the part and ordered only one development and the part and

distance, we let down our centre-board and luffed into the wind until we could throw a line over the side and cast an anchor to leeward. The white uniform was inhabited by a Senegambian youth of smiling visage and alabaster molers, and his little game was selling Navalite and Flo-White, marine enamels.

"Do you use Flo-White yourself?" we asked, insinuatingly, and then the black boy told a white lie, for he said he sure did, all the time. One look at his face was enough to convince even the most guillible that such was not the ce was shough to convince even and government offices. The United set guilible that such was not the Sam Langford would look like floor. Only eight elevators were in the preceding of the precedings.

Telephone and Telegraph Build-trowded theatres and restaurants to-rowisions of the Garfield order be-only officers directly connected telephone and telegraph transmis-lines have offices in the holiding. sion lines have offices in the building.
Despite this the elevator service was cut down 50 per cent and there was a slight decrease in the amount of heat

opening of the market the temperature on the big trading floor was around 70, but it quickly dropped, so that by closing time it was below 50. The brokers for the most part wore hats and sweatlester type seemed to be the attentiated with carbureters, tials, high-tension magnetos, rs, varnishes, grease cups and cluss and altagether injected.

Froad Street entrance. Just before the opening of the market the temperature on the big trading floor was around 70, but it quickly dropped, so that by closing time it was below 50. The brokers for the most part wore hats and sweatlest, but accepted the situation goodnaturedly.

The attendance in brokerage houses was light, many big speculators preferring to sit in the branch offices in the untown hotels, where they could telephone their orders in comfort.

Many of the ingre office buildings were heatiess and lightless. Lighted

James J. Hagan announced that the dealers 'Il now be able to supply the

New England Observes "Dry" Day; Problem Of Fuel Unsolved

BOSTON, Jan. 21.—Closed factories and stores, descried streets in the cities and towns in the forenoon, and

"Oh not! I mean the United States Volunteer Life Saving Corps," said the crst speaker, and so we sauntered over and listened to a lecture on the art of pumping sea water out of human beings and rolling them around on barrels.

John J. Amory, president of the National Association of Engine and Boat Manufacturers, under the auspices of which the show is being given, arose for a sickbed vesterday and visited the Palace. After smelling the gasolene, boarding the verjous boats and taking with the salesmen, Mr. Amory declared he felt much better.

The government of heat surfaished.

Some criticism of the exemption of banks from the Fuel Administrator's revising conditions to enable the banks to call loans, if necessary, and for that reason they felt they should have the same accommodations in carrying conditions to enable the save accommodations in carrying at their business.

In order to help relieve the situation caused by the lack of elevator service several important banks informed the Steck Exchange that they would certify checks after 3 o'clock, provided sufficient notice was given in advance. The government has shown its intended to a lecture on the art of banks from the Fuel Administrator's reving conditions to enable the banks to call loans, if necessary, and for their overcasts, sweaters and caps.

Rebert E. Stone, Boston's feel contained the work in their overcasts, sweaters and caps.
